BRAZIL
ACOUSTIC

O silêncio transforma.

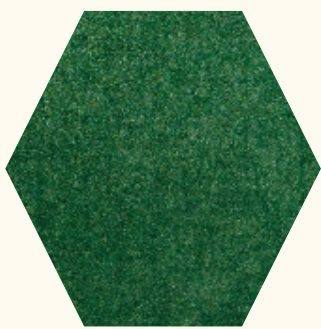

A acústica define a experiência de um ambiente. Ruídos excessivos afetam o conforto, a produtividade e o bem-estar. Na Brazil Acoustic, criamos soluções que equilibram design, tecnologia e sustentabilidade, proporcionando espaços mais harmônicos, eficientes e acolhedores.

Conforto e foco em qualquer ambiente.

Ambientes com alto nível de ruído reduzem a concentração, o desempenho e a qualidade de vida. Nossas placas acústicas EcoSmart, feitas com até 70% de PET reciclado pós-consumo, minimizam o impacto sonoro e promovem o equilíbrio ideal entre estética e desempenho.

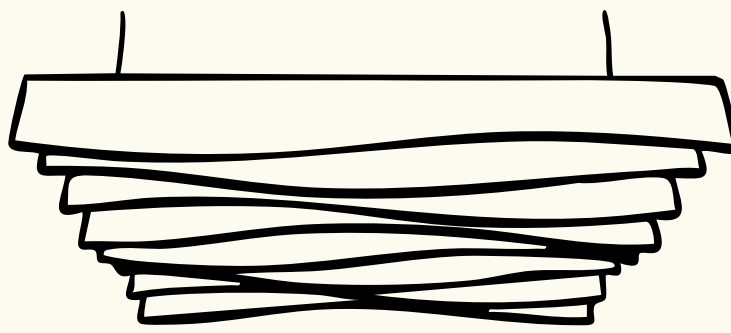

BAFFLE CEILING PANEL

Dimensões: 240 x 1.200 mm | 300 x 1.200 mm | 240 x 2.400 mm | 300 x 2.400 mm.

Baffle Irregular Combined

Dimensões: 600 x 600 mm | 600 x 1.200 mm.

Ceiling Block

Por que investir em conforto acústico?

Nossas soluções aumentam a inteligibilidade da fala, reduzem a reverberação e melhoram a comunicação nos ambientes.

Redução de ruído (NRC): de 0,35 a 1,0, dependendo da espessura e aplicação, absorvendo o som e evitando eco, reverberações e reflexões indesejadas.

ACOUSTIC PANEL DIVIDER
